Supplies: Crayons, markers, sidewalk chalk, froot loops, other cereal or beads, paper, tape, scissors, whatever you have available can work for each activity!

Rainbow Name
1. Write each letter of your student’s name in bold letters on separate pieces of paper.
2. Have him/her color each letter a different color.
3. Help your student cut out the letters.
4. Incorporate standing, or reaching from W/C to tape name to window or wall. Encourage the student to reach across their body and challenge themselves!
5. This activity can also be completed outside if you have sidewalk chalk with the student tracing or writing their name in the shape of a rainbow with each letter being a different color.

Cereal Rainbow
1. Use the attached sheet as a template to make your own rainbow with an item in the home!
2. Using froot loops, a different cereal, or beads have you student fill in each space until they reach the pot of gold.
3. If desired, a thin line of glue can be used in each strip if you would like to save it.
4. Encourage proper alignment and support when sitting to complete the activity in order to promote more control and efficiency in the use of the arms, hands and fingers.

Rainbows are being displayed on windows throughout the world as a symbol of peace and hope. For more ideas on how rainbows are being used to inspire and connect us during these challenging times check out the Rainbows Over Michigan public facebook page!

Fill in the rainbow to the pot of gold with Froot Loops cereal.
