

Request for Proposals

Kent Intermediate School District Postsecondary Attainment Asset Mapping Project

Addendum No. 1 11/12/2025

Summary of Changes:

Kent ISD has extended the due date and last day for questions. Except as noted in this Addendum, all other terms and conditions of the original RFP remain unchanged.

Original RFP Timeline:

- Issuance of RFP: October 31, 2025
- Last Date for Questions: November 14, 2025, 4:00pm
- Questions & Answers Posted: November 18, 2025
- Proposal Due Date: December 8, 2025, 4:00pm
- Anticipated Award: December 19, 2025

Revised RFP Timeline:

- Issuance of Addendum 1: November 12, 2025
- Last Date for Questions: November 21, 2025, 4:00pm
- Questions & Answers Posted: November 25, 2025
- Proposal Due Date: December 15, 2025, 4:00pm
- Anticipated Award: January 13, 2026

Justification:

Kent ISD is changing its response to a vendor submitted question, as documented in the FAQ Update from 11/6/25. After further discussion, Kent ISD is choosing to release additional details on the proposed budget.

Original Response to Vendor Question #4 (11/6/2025) - Is there an estimated budget range for the project?

Kent ISD is not providing an estimated budget range for this project, as the collaborative may adjust its budget based on the proposals received. In accordance with Kent ISD's procurement policies, the district is not required to automatically select the lowest-cost proposal. Consultants should therefore submit a budget that accurately reflects their proposed approach, methodology, and timeline, ensuring that costs are appropriate for the scope and deliverables outlined in the RFP.

Updated Response (11/12/2025)

Kent ISD is electing to release additional details from the current grant budget to assist vendors in developing their proposals.

Kent ISD's total subaward budget from the larger Reconnect Community Action Grant (awarded to GRCC by MiLEAP) is \$300,000. Of this total, \$81,125 is currently allocated for contractual services. In addition to this RFP for asset mapping, Kent ISD anticipates releasing one additional RFP for consulting services to assist the Kent County Reconnect Collaborative in establishing its governance structure, membership, meeting schedule, and in exploring whether the Collaborative should formally organize as a county-wide Local College Access Network (LCAN). The estimated \$81,125 allocation for contractual services encompasses both contracts.

As stated in the prior response, Kent ISD continues to encourage bidders to submit a budget that accurately reflects their proposed approach, methodology, and timeline, ensuring that costs are appropriate for the scope and deliverables outlined in the RFP. The ISD acknowledges that the grant budget may be amended based on the bids received.
