MEMORANDUM

TO: Local and Intermediate School District Superintendents and

Public School Academy Directors, and Nonpublic School

Administrators

FROM: Venessa A. Keesler, Ph.D. *Venessa*

Deputy Superintendent, Accountability Services

SUBJECT: District Provided Professional Development Update - EDUCATORS

Due to recent reinterpretation of MCL 380.1527, the Office of Professional Preparation Services (OPPS) is pleased to announce that all Michigan educators may use District Provided Professional Development (DPPD) toward the progression from the Michigan Provisional teaching certificate to the Professional Education certificate or for renewal of the following Michigan Department of Education issued certificates or licenses:

- Professional Education Certificate
- Occupational Education Certificate
- School Administrator Certificate
- School Counselor License
- School Psychologist Certificate

The assignment that the individual holds is no longer relevant to the use of DPPD for certificate progression or renewal. However, as with all DPPD, the following conditions must be met and verified for the professional development to count as DPPD:

- (a) The DPPD is appropriate to the grade level(s) and endorsement area(s) for which the educator is certified;
- (b) The school agrees to submit to all auditing and documentation requirements established by OPPS.

OPPS does not determine whether an educator's professional development may count as DPPD; the employing school district provides verification that it meets
