

## Criteria for Participation

The following are criteria for Internship experiences:

- **Student must maintain a 90% attendance record during the previous school year, at KTC, in one of the Adapted Vocational Education programs.**
- Internship experience should be related to the student's program of study and career interest.
- Work-Based Learning must align with the student's EDP, be coordinated by the Internship Facilitator, in collaboration with KTC staff, home school and parents, and approved by KTC Administration.
- Student's home school is responsible for transportation unless the Internship experience progresses to a paid position, in which case the student/parents are then responsible for transportation.
- Credit may be awarded by the student's home school depending on the student's performance on the Internship placement and home school's criteria (i.e. attendance, etc.).
- Most Internship experiences are scheduled during school hours, in order for KTC to best monitor them, but occasionally one may be scheduled before or after regular school hours.
