## **BOARD AGENDA ITEM**

Item: Condenser Replacement – EU South	Information/Discussion Future Actionx
Submitted by: Tim Peraino	Date:9/1/2023
Recommended by: Kevin Philipps	Board Meeting Date: 9/18/2023

## **RECOMMENDATION:**

It is recommended that the Kent ISD board approve the bid from Van Dyken Mechanical in the amount of \$53,625.00 for replacement of a condenser unit at EU South. After going out for bid twice, this was the only mechanical contractor to bid on the work.

## **BACKGROUND:**

During the initial building inspection of Empower U South, it was identified that the existing condenser unit that provides air conditioning for the media center at EU South was beyond repair and needed to be replaced. Funding for this project will come from Center Programs Capital Outlay funds.
