enter the course number in the
search box.

Join us for the 6th annual AssisTechKnow Conference – yes, it is even BETTER than two years ago! Register for the first day, the second day or BOTH! Each day will include a variety of break-out sessions on a range of topics (topics will differ each day). Some half-day sessions will be offered with “Featured Speakers” from across the state providing more hands-on learning than ever before. And, as always, many break-outs will also be available covering the hottest new topics.

Tools and strategies will address the needs of students in general education, team-taught classrooms, as well as categorical early childhood, elementary and secondary classrooms. This Assistive Technology and UDL Extravaganza will provide opportunities for special education and general education teachers, OT's, PT's, SLP's, Psychologists, Administrators and parents.

And, of course, registration includes access to over 15 vendors and exhibitors, snack breaks, goodie bags for everyone, and fabulous door prizes!! Don't miss this one-of-a-kind learning opportunity, offered at only \$20/day, thanks to our sponsors!
